

Democrats Help to Clean House!

Judge Purnell Re-Elected — A. M. January, County Clerk, and Carey M. Devore Is Sheriff — Democrats Win Other Races.

With all precincts in the county unofficially reported and all but two precincts — Germantown and Fourth Ward A — with their ballot boxes and records delivered to the County Clerk's office, County Judge H. P. Purnell has defeated his Democratic opponent, County Commissioner A. L. Glascock, by a handsome majority, Mr. Andrew M. January has been elected County Clerk and Deputy Sheriff Carey M. Devore has been elected Sheriff.

In the last two races the Democrats have not conceded defeat. In the County Clerk's race, the Democrats are claiming County Clerk J. J. Owens a winner over Mr. January by the small margin of one vote while the Republicans contend a majority for Mr. January. The Democrats contend only that the Sheriff's race is a close one, giving no majority for Mr. Brown and claim that an official count will be necessary to finally determine this contest.

In all the other county races, the Democrats elected their candidates with greatly reduced majorities and elected three County Commissioners to serve with Judge Purnell on the Fiscal Court for the next four years.

500 PARTY.

The Eastern Star Chapter will give a public 500 party in the Masonic Temple Wednesday evening at 8 o'clock. Everybody invited. Admission 35 cents.

REPUBLICAN LANDSLIDE IN CINCINNATI

Tabulation of 463 precincts out of the city's 468 showed that George P. Carrel, Republican, present city auditor, will go into office as mayor January 1, with a plurality in these precincts of 27,835 votes. He will be mayor for four years.

The Republican landslide showed Carrel got in these precincts a total vote of 63,383; Dr. Charles L. Bonfield, Democrat, 40,608; Joseph H. Kelley, Independent, 21,817, and Charles F. Herbst, Farmer-Labor candidate 3015.

WOMEN CHARGED WITH SELLING FORGED PERMITS.

New York, Nov. 8. — Miss Helen Small, also known as Mary Jones, and Mrs. Eugene O'Rourke, alias Nell Eltinge, were arrested today charged with trafficking in liquor withdrawal permits bearing the forged endorsement of E. O. Yellowley, acting state federal prohibition director. Miss Small, according to federal officials, had been employed for two years as confidential clerk in the office of William H. Edwards, former collector of internal revenue.

HALF HOLIDAY IN COUNTY SCHOOLS FRIDAY.

County Superintendent of Schools George H. Turnipseed announces that the county schools will observe a half-holiday on next Friday, November 11—Armistice Day.

NAMED ADMINISTRATOR.

In the Mason County Court Wednesday Mr. C. O. McDougle was appointed administrator of Mary M. McDougle, deceased, and he qualified as such with J. B. Durrett as surety on bond.

Applications of electrical currents to growing crops has increased the yield by 21 per cent.

DR. SAMUEL WINS IN MAYOR RACE BY SMALL MAJORITY

Mayor Russell Defeated by Dr. Samuel—Mr. Harry C. Curran Defeated Judge Whitaker for Police Judge.

At the Maysville voting places on Tuesday the city election probably eclipsed the county fights and special interest was centered in the race for Councilman. Never before in recent years was the same interest taken in the council election.

Dr. J. H. Samuel will be the next Mayor of Maysville having defeated Mayor T. M. Russell for re-election by a majority of 29 votes. The race was a very warm one throughout.

Mr. Harry C. Curran defeated Judge John L. Whitaker for re-election as Judge of the Police Court by a majority of 62 votes. The total vote being Curran 1230, Whitaker 1268.

The council, which ran for the first time in Maysville's history at large among the voters received the following vote according to unofficial returns. Winners are in black:

First ward — Ellet, 122; Frost, 1577; Greenlee, 1189; Reed, 1053.

Second Ward — Hylle, 1211 Brady, 1134; Fee, 946.

Third Ward — Dodson, 1165; Everett, 763; Keith, 1317.

Fourth Ward — Breese, 1017; Clark, 991; Cullen, 482; Cummings, 918.

Fifth Ward — Davis, 1016; Lingenfelter, 483; Orr, 1202; Paul, 448; Royse, 849.

Sixth Ward — Daulton, 146; Harover, 1256; Herschfeld, 1181; Hunsicker, 950; Wallingford, 204.

CITY BOARD OF EDUCATION.

In the race for City Board of Education at least one woman has been a winner. Mrs. Moses wins with a total vote of 994 and the 4-A precinct yet untotaled. Other certain winners are Dr. A. R. Quigley, Col. J. B. Russell, J. C. Simons, Charles Slack, Edward M. Smith, C. C. Calvert and John F. Fansler. The ninth member is still in doubt with Mr. Jesse Calvert and Mrs. B. O. Pickett, the contenders for the position. The total tabulation is held up by the failure of the Fourth A precinct officers to tabulate this vote Tuesday evening.

The total vote for all candidates thus far reported follows: Moses, 994; Pickett, 966; Quigley, 1216; Robinson, 874; Russell, 1385; Simons, 1080; Slack, 1014; Smith, 1134; C. Calvert, 1463; J. Calvert, 986; Crowell, 714; Ewan, 963; Fee, 931; Fansler, 1055.

TO MY FRIENDS:

It was a great battle and my friends won. For their kindness and consideration I wish to extend to my friends many, many thanks, for without that loyalty at the polls I would not have been successful.

To those that opposed me, I have no hard feeling, as that is a privilege due every man—with the right to exercise same.

As the County Judge for all I offer faithful service, and shall attempt at all times to serve the people honestly and rightfully, exercising my best judgment for the best interest of all.

With a heart full of gratitude toward my friends, and with many thanks for their kind consideration at the polls, I am, respectfully yours,

H. P. PURNELL.

A farmer originally was one who collected taxes.

BABY SHOW TO FEATURE THE BIG TOBACCO FAIR

Saturday To Be Big Day for Mothers At Tobacco Fair Next Week—Booths Are Drawn This Afternoon.

Saturday of next week, the last day of the Corn and Tobacco Fair, promises to be one of the biggest days of the week besides its being Mayslick day with the famous Mayslick Band furnishing the music, the managing committee has arranged for a big baby show in which children under one year of age will be entered. This show will be given with the co-operation of the Mason County Health League and a prize of \$2.50 in gold for the prize girl and boy baby will be offered.

Drawing for position of the booths at the fair was held at the Farm Bureau building Wednesday afternoon and considerable interest was taken. It was announced by the committee that a liberal prize will be offered for the best decorated booth in the fair and this promises to cause much keen rivalry.

Now that the booths are assigned, the renters can begin at once to decorate their booths and it is expected that there will be much work done during the next few days.

WIN-MY-CHUM SERVICES ATTRACT.

The Win-My-Chum services at the Third Street M. E. church are creating much interest. The attendance has been excellent, the larger per cent, being of the young people of the church and their friends. On account of illness Rev. Millen was unable to give the address Tuesday evening, but the pastor Rev. Peters, filled in for his part of the program, giving a very impressive talk on the subject announced. Services again Wednesday evening at 7:15. A special feature on Wednesday evening will be music by a male quartet. This quartet will sing again Friday evening. The public is welcome to attend every service.

CAMPBELL AND CLAYBROOKE WINNERS ON SCHOOL BOARD.

With two precincts in the county, outside of Maysville, yet unreported John I. Claybrooke and D. N. Campbell, both members at present of the County Board of Education, appear to be the winners in the county school board race. Mr. Claybrooke is leading the ticket with Mr. Campbell second leading Mr. A. F. Pollitt by a margin of 413 votes. Little interest was taken in reporting on the school amendments and no report on them can be made at this time.

RED CROSS DRIVE.

The Red Cross roll call in Mayslick Consolidated School District will start November 11 and continue to the 24. Solicitors have been appointed and will make a thorough canvass of the district.

MRS. G. A. BROOKS, Chairman Roll Call Committee.

COLLEGE IS BURNED.

Macon, Ga., Nov. 8. — St. Stanislaus College, a Jesuit institution, attended by students from all over the world since 1874, was destroyed by fire Monday night.

LOCAL MINISTERS PASS RESOLUTIONS ON DR. B. B. BAILEY

Maysville Pastor's Union Passes Resolutions Upon Former Local Pastor's Death In London.

At the first Pastors' Union meeting since the death of Dr. B. B. Bailey, former pastor of the Baptist church of this city the following minute was directed to be placed on the record and a copy of it sent to Mrs. Bailey:

The sudden taking of Dr. Bailey has filled us with astonishment and sorrow. He had labored so recently among us, and so lately had reports come of his active evangelistic labors that we are quite unprepared for this distressing news.

Dr. Bailey had remarkable gifts as a preacher. He was a man of large memory and with powers of oratorical expression seldom heard in the pulpit. United therewith was an affectionate and attractive manner that made him hosts of friends and gave him great success in winning souls. He was besides a delightful companion, a broad and generous in all his relations with other industrial brethren, showing the very spirit of the Gospel which he preached so powerfully. We marvel that so great a workman should have been retired in full prime from earthly service. We have to wonder, to the decision of the great Head of the Church, why he was permitted to his widow and his children and commending them to the care of the Master whom served so faithfully.

NOTICE OLD FELLOWS.

The regular weekly meeting of the Odd Fellows, No. 27, I. O. O. F., will be held at the Odd Fellows' Temple in Market street Wednesday evening at the usual hour and all members of the order are urged to be in attendance.

LIFE OF LIVE STOCK INDUSTRY MENACED

Lower Freight Rates Essential To Keep Kentucky Producers In Business.

W. S. Bell, president of the Louisville Livestock Exchange, said in an appeal to C. T. McChord, acting chairman of the Interstate Commerce Commission, to bring his influence to bear to secure a reduction.

"The livestock industry of the South is in the most precarious condition ever known," Mr. Bell said in a telegram to Chairman McChord. "Cattle values, principally of young stockers, are the lowest in years, and many producers unable to realize cost of production are shipping entire herds to market with the intention of going out of the business of stock raising."

"I am daily in touch with shippers and producers throughout Kentucky and Tennessee who are complaining bitterly of present freight rates in livestock, and a reduction at this time would do much toward reviving and sustaining the interest of producers who need encouragement of all kinds."

"Unless something is done in this respect, this section of the country will be depleted of livestock, as it is impossible to produce at a profit under present conditions."

"Can you offer any encouragement?"

MANY ELECTION CELEBRATIONS TUESDAY EVENING.

There were many election celebrations staged on the local streets during Tuesday evening and for a time things were pretty wild throughout the city. Many friends of successful candidates made things warm for a time and especially the youngsters had a big time.

POPULAR YOUNG RIPLEY MAN DIES IN BIG STORE FIRE

Lin's Department Store at Ripley Destroyed By Fire at Early Hour Wednesday Morning—Mr. Hobson Montgomery Is Killed.

One of the largest fires in the history of Ripley visited that village at about 1 o'clock Wednesday morning and the entire village was awakened and most citizens assisted in fighting the angry flames.

Lin's department store, the largest store building in the town was the scene of the fire and the beautiful new store building erected only a few years ago by Mr. Douglas McDowell, local contractors, was completely consumed.

Mr. Hobson Montgomery, Town Clerk of Ripley, and a clerk in the Lin's store, was carried from the building before the final crash of the walls, dead from suffocation. It is supposed that young Montgomery uttered his last words on account of the fire, went to the store instead of his home to take a nap and while asleep the flames spread through the building. A part of the room of the building fell upon the young man's body and it was with much difficulty that his friends and neighbors were able to rescue the body from building.

Word reached Maysville early Wednesday morning that the entire town of Ripley was greatly affected by the death of this splendid and most popular young man and the destruction of the finest business house in the whole of the town.

The building is an entire loss and its contents, a large stock of high class merchandise, was completely burned or ruined.

Young Montgomery was an ex-serviceman and had been gassed while in France. He was a nephew of the proprietor of the store and owned an interest in the business. He was a cousin of Mrs. J. B. Orr and the Misses Spremberg, of this city.

OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

HOMEY PHILOSOPHY FOR 1921.

Did you ever take note of a rush at a railway gate or a circus door? Some people edge out of the middle of the throng and hover around the sides seeking the easy way to get in. Others dart into the thickest of the crush and eagerly press forward until they gain the entrance. The successful man in this life is like one of the latter. He knows he has a battle before him and he flinches not at the hard places but goes through with it at all hazards.

SILAGE KEEPS EWES IN GOOD CONDITION.

Because of its succulence and the helpful effect it has on the digestive system silage makes one of the best feeds which farmers can give to their pregnant ewes during the coming winter months, sheep specialists at the College of Agriculture say. This feed is especially valuable if there is no pasture available and keeps the ewes in a healthy and thrifty condition. The average farm ewe should receive from two to three pounds of silage each day although more may be fed with safety. Along with the silage the ewes should have some palatable, dry roughage and a small amount of grain preferably oats or bran.

If the corn has been placed in the silo at the proper stage and well packed and sufficiently moistened there is little danger of spoiled or moldy silage and consequently little danger of injuring the ewes by feeding it to them. Moldy or frozen silage should be guarded against since the feeding of it may cause serious trouble with the pregnant ewe. Farmers who are

planning to feed silage to their ewes have been warned by the specialists to guard against the feeding of an excess of it. Too much silage is likely to cause the lamb to grow too large and thus cause trouble at lambing time. In addition the feeding of too much silage may prevent the proper development of the bones.

DRIVER SUDDENLY ILL LOSES CONTROL OF CAR.

Louisville. — J. W. Coons was driving when he was stricken ill. His car crashed into a truck. Mr. Coons was hurt slightly. Both cars were damaged. Mrs. Mallie Thompson, 55, stumbled in front of a street car. She suffered bruises to the body.

TWO BOYS ARE INJURED IN MOTORCYCLE CRASH.

Paducah. — Fractures of the arm were suffered by Lowell Kirkpatrick and John Mayers, boys, when the motorcycle which they were riding collided with an automobile at a downtown crossing. The driver of the automobile escaped unhurt.

DON'T MISTAKE THE CAUSE

Many Maysville People Have Kidney Trouble And Do Not Know It.

Do you have backache? Are you tired and worn out? Feel dizzy, nervous and depressed? Are the kidney secretions irregular? Highly colored; contain sediment? Likely your kidneys are at fault. Weak kidneys give warning of distress.

Heed the warning; don't delay—Use a tested kidney remedy—Read this Maysville testimony. Bryan Greenlee, proprietor grocery store, 238 West Third street, says: "About two years ago I had an attack of kidney trouble and I suffered a lot from backache. There was a deep seated pain across the center of my back. I was repairing machinery at that time and when doing any kind of stooping work I could hardly straighten up. My kidneys were not acting regularly and in other ways showed signs of disorder. I went to Wood & Son's Drug Store and got a box of Doan's Kidney Pills and began using them. They fixed me up in good shape and I have never been bothered since." Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Greenlee had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Why not come out of the shadows onto the sunrise road?

LIFE owes us all something—if we've protected our investment. Many of us try to go on collecting from life without protecting our investment. And we can't. And there's trouble—and disappointment.

What's become of those mornings when it was great to be alive, and every sense thrilled to the inspiration of health and energy and ambition? It was easy to collect from life then. Is it so easy now? Probably life is just the same—and it's ourselves that have changed.

Let's think: Have we protected our investment? Health was the big thing. Sound body and nerves—eat well, sleep well, play well, work well. That was the life. What's become of it? What is becoming of it—now?

Protecting or neglecting? It's very important to know—and in time.

What about coffee and tea day after day? Let's look at the facts: Caffeine in coffee and then in tea are drugs—well-known drugs with a well-known effect. Useful, perhaps, when a doctor prescribes them. They whip up the nerves.

That may be all right—sometimes. But it may be all wrong all the time. In a great many cases it is all wrong; disturbing to health, as your doctor can tell you—robbed nights of sleep and days of efficiency, harming digestion, bringing headaches and high blood pressure—laying the grounds for serious trouble.

And the fact that the harm comes slowly and may not be noticed for a long time is all the more reason why it pays to be on guard—why it does not pay to take the risk.

Really, then, can you collect what's coming to you from life—the zest, the accomplishment, the "feel" and enjoyment—and trifle with your investment in health?

There's no sacrifice in safety from coffee and tea dangers—not a bit. Postum furnishes the way.

Postum is a pure cereal beverage, rich, comforting and satisfying, deep brown in color, with a coffee-like tang and a flavor which makes you say, "How good it tastes!" Don't think you will miss anything when you change from coffee or tea to Postum. You gain! Ask the Postum users. They know. And they're mighty free to tell you.

Postum has been serving human need for a quarter of a century. It has been a world-wide table-drink these many years—the number of its users growing daily. Postum is sold and served wherever good food and drink are sold and served. And Postum is the mealtime beverage of folks who have decided to come up and keep up where they belong—purposeful, wide-awake, healthy and happy folks who believe it's better to be safe than sorry—particularly when it's more pleasant and agreeable being safe.

If you don't happen to be a Postum user yet,—wouldn't it be better for you to be out on the sunrise road, going up and keeping up, and staying away from the shadows where so many have found trouble and discouragement?

We can't ask life to be fair with us, you know—unless we're fair with ourselves. And daily drugging of the nervous system is not being fair with ourselves—especially when we know the facts as so many physicians have pointed them out.

And it's worth as much to keep health as it is to get it back

Order Postum from your grocer today. Enjoy its satisfying flavor. Keep to Postum instead of coffee or tea for ten days and learn the difference in "feel." Let the members of the family share the delights of Postum as a hot mealtime beverage—and remember, there's no danger-line around Postum for the children, as there is around coffee or tea. There's no harm in Postum for anybody.

POSTUM comes in two forms: INSTANT POSTUM (in tins) made instantly in the cup by the addition of boiling water. POSTUM CEREAL (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes. Sold by all grocers.

The Kentuckians

New York Letter

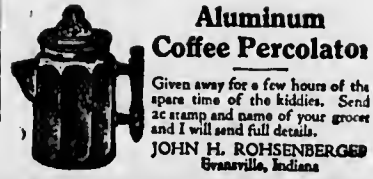

by Lucy Jeanne Price

New York. — There are more primitive people in our city than the sophisticated New Yorker is wont to admit. Sociologists tell us that the intellectual advance of man early asserted itself in his love of the pictorial representation of truth as he viewed out caricatures in tablets of stone. Well, some would seem to be just in the beginning of their advancement, if the sight of witnesses in the subway is a criterion. Staid men and proper women, to say nothing of the flapper and the office boy, are seen chuckling over their favorite "comics" as the trains inch along. Each have their favorites, all followed every day by our moderns, who, fortunately do not have to carve out their own observations on life. Civilization has at least been time saving.

—NY—
The much talked of Americanization scheme has achieved concrete proportions. "America's Making" is the appropriate name for a pageant representation of the foreigner's contribution to our national life. One of the

local armories is housing a vast show where every nationality represented in our melting pot is in competition with every other to demonstrate the industry and achievement of its members in making up our national progress. The various foreign trade committees have made huge appropriations to bring in the working evidence of their citizen's thrift and accomplishment. Children and grown ups by the hundreds appear nightly with song and dance and color to show the proud Mayflowers that they alone are not responsible for our enviable place in the sun of progress. We are learning many things about these good people which we have not thought about before and great good should come from the effort.

NOTICE To Taxpayers

The tax list for 1921 is now in the hands of the Sheriff, who will be at his office to accommodate those who desire to settle and

AVOID THE PENALTY That Goes On All COUNTY TAXES

On and after December 1st. Don't put off paying taxes until the last minute. It means delay to you and in some instances you may be compelled to lose an hour or two of your valuable time. Come early. You have to pay taxes, and in so doing you may save yourself the penalty.

C. E. GALBREATH

Sheriff of Mason County.

And now it is smelling salts for mere man! A well known professor possessed of acute imagining power is rumored to have "passed out" at a recent Broadway thriller, and was promptly supplied with a nasal restorative by the usher on the job. His wife was very apologetic in her excuses to the hotel maid, and was amazed to have her retort, "That's nothing, a lot of 'em do it. I say some of these birds are worse than the women. They get carried away by the sob stuff, and we got to look after 'em." As a warning gentlemen, don't forget your reticent.

—NY—
The Four Hundred are at work again in town. The astute hotel press men daily chronicle the list of "debs" who are to come out in their gilded halls before the winter passes. As you read of the rush and demand for holiday dancing space you find yourself worrying that some sweet things won't manage to be formally acquainted before society. The pity of that is greater than we may think, because after all what else is there for the poor girl to do? If you are inclined to be cynical your question is whom will she bag in the matrimonial chase, and how soon will the papers be telling who she was in reporting who she is trying not to be. C'est la vie, for the Four Hundred.

—NY—
The veteran English actors George Arliss is demonstrating his pet theory that the public will patronize Good Drama in the persistent success of William Archer's "Green Goddess," now past its three hundredth performance. The play is genuine melodrama with all the thrills and lure of Indian

Rajahs, lion skins, etc., but is well written and produced with such fidelity of setting, and such skill in acting, that the town flocks to it, and forgets its improbability and remoteness. We all love a real show!
LUCY JEANNE PRICE.

FARMERS AIDED
BY NEW RULING.
Federal Board Gives Agricultural Paper Status To Drafts Accepted By Cooperative Associations.

Washington, D. C. — Concerning the ruling recently made by the Federal Reserve Board to the effect that growers' drafts accepted by cooperative marketing associations should be classified, if the proceeds are to be used for an agricultural purpose, as agricultural paper eligible for rediscount at Federal Reserve Banks, Secretary of Agriculture Henry C. Wallace said: "It is a ruling of importance and should result in making bank credit more available for farm use."

In the case which resulted in the ruling being made, members of a tobacco growers' cooperative marketing association drew drafts upon the association which was acting as their agent only in the sale of their tobacco. The drafts were accepted by the association and the Federal Reserve Board was then called upon to decide whether the drafts should be classified as agricultural paper eligible for rediscount at Federal Reserve Banks with a maturity up to six months or should be classified as commercial paper eligible for rediscount only when its maturity date is not in excess of ninety days.

The board ruled that where the drafts complied in other respects with the requirements of the law, and the board's regulations, that the drafts should be classified as agricultural paper and as such would be eligible for rediscount by a bank that was a member of the Federal Reserve System with a Federal Reserve Bank for a period not in excess of six months. If the cooperative association had been the purchaser of the tobacco instead of the agent of the members in the sale of the tobacco, the ruling would have been otherwise, and the drafts would have been classified as commercial paper, and as such would only have been eligible for rediscount with a maturity not in excess of ninety days.

Department specialists in farm finance believe that the method employed by the tobacco growers' association would be found of value by other cooperative associations, especially when used in connection with receipts for agricultural products issued by warehouse licensed under the Federal warehouse act. There is a growing tendency on the part of bankers throughout the country to require Federal warehouse receipts when making loans based on agricultural products. The president of the New York Bankers' Association, in discussing the matter of granting credit on produce to farmers on the importance of a warehouse receipt, recently said: "My own theory is that we ought to be free in extending loans to deserving farmers and make them feel that we are ready to cooperate when the credit is right. Our credit man, for instance, is having an interesting time educating farmers to see the difference between loaning on potatoes in the farmer's cellar which are ungraded, unmeasured, subject to frost and other hazards, and on apples graded by a third party and stored in a warehouse with warehouse receipt issued to the bank. In other words, we are showing to the farmers that if they would handle their produce in the war the best business houses do, their loans would be as welcome as those of the business houses."

Lexington, Ky. — The thirty-third annual report of the Kentucky Agricultural Experiment Station, containing a summary of the principal lines of work carried on during the past year by the institution has just come off the press and is ready for distribution to interested persons, according to an announcement made here today. More than 45 major lines of work dealing with the most recent problems in Kentucky farming are discussed in the publication.

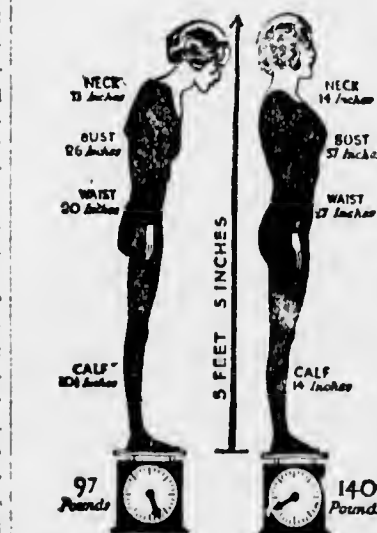

EXPERIMENT STATION ISSUES 1921 REPORT.

In speaking of the report, Director Thomas P. Cooper, of the Station, said: "Work done during the past year by the station has been more productive than that done during any previous year in its history. It has been able to perform a valuable service to the people of the state by means of the investigations which have been started and completed and which have established Kentucky Agriculture on a firmer basis. Results which have been accomplished have given a tremendous return for the money invested in the institution and its work." The publication may be obtained free by writing the Experiment Station, Lexington.

—FARMER FROM MULE FATAL TO JOHNSON COUNTY MAN.
Paintsville, — Bascom Castle died in a hospital from a broken skull sustained when kicked by a mule at Thekla. He leaves a wife and six children.

—Hops were grown this year on 25,120 acres in Britain, an increase of more than 4,000 acres on 1920, which shows there will be no diminution of beer for the working man.

How Yeast Vitamin Tablets Put On Firm Flesh

Quickly Increase Your Energy and Beautify the Complexion—Easy and Economical to Take.

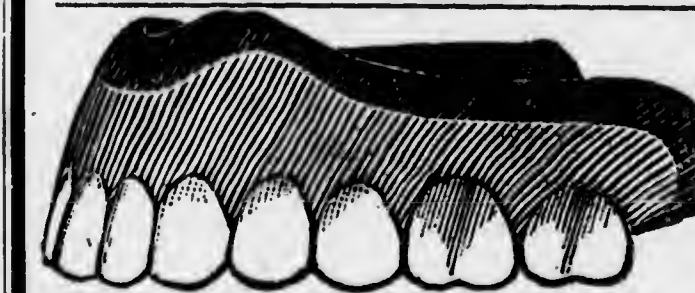

Thin or run-down folk take "Mastin's VITAMON"—two tablets with every meal. Then weigh and measure yourself each week and continue taking Mastin's VITAMON regularly until you are satisfied with your gain in weight and energy. Mastin's VITAMON contains highly concentrated yeast-vitamins as well as the two other still more important vitamins (Fol Soluble A and Water Soluble C). It is now being used by thousands who appreciate its convenience, economy and quick results. By increasing the nourishing power of what you eat, Mastin's VITAMON supplies just what your body needs to feed the shrunken tissues, strengthen internal organs, clear the skin and renew shattered nerve force without upsetting the stomach or causing gas. Pimples, boils and skin eruptions seem to vanish as if by magic and the complexion becomes radiantly clear and beautiful.

IMPORTANT! While the amazing health-building value of Mastin's VITAMON has been clearly and positively demonstrated in cases of lack of energy, nervous troubles, anemia, indigestion, constipation, skin eruptions, poor complexion and a generally weakened physical and mental condition, it should not be used by anyone who OBJECTS to having their weight increased to normal. You can get Mastin's VITAMON tablets at all good drug stores.

Are Positively Guaranteed to Put On Firm Flesh, Clear the Skin and Increase Energy When Taken With Every Meal or Money Back

if it isn't MASTIN'S, it isn't VITAMON

TWO WOUNDED AT LOUISVILLE WHEN OFFICER FIRES GUN.

Louisville, Nov. 8. — Two persons were wounded this morning when Patrolman Bennett Gardner after an altercation with a voter at the voting place at Hancock and Market streets, fired his pistol into a crowd which had gathered.

Percy Ross, who with the woman, Mrs. Lillian Collins, 64, was standing in the crowd around the policeman fell.

Children attending a school nearby were having recess and playing in the yard of the school when the shooting took place. Although endangered, none was hit by the bullets.

Gardner was arrested and charged with maliciously shooting and wounding.

Ross was taken to a hospital with a bullet in his breast. Mrs. Collins, who was a bystander, was shot in the left leg which was shattered between the knee and thigh.

The police report said that the shooting followed an argument between Patrolman Gardner and Ross.

SENATE TO VOTE NOVEMBER IS ON ANTI-BEER BILL.

Washington, Nov. 8. — An agreement to vote on November 15 on the anti-beer bill was reached formally by the Senate today with the measure supporters predicting its enactment with a large majority to spare.

Pastime Today

"Indian life and love before civilization." The screen's most unique attraction of the year.

Before the White Man Came

A remarkable and thrilling Indian romance with a cast made up entirely of FULL BLOODED INDIANS. The all-star Indian cast includes Barney Old Coyote, Ben Spotted Horse, Scratches His Face, Bird Tail, White Man Runs 'Em, Bear Claw, Robert Yellow Tail, Old Badger, Plain Feather, Little Fire. POSITIVELY FULL-BLOODED INDIANS. NOT A WHITE MAN OR WOMAN IN THE ENTIRE CAST. See the life and habits of the American Indian when he was undisputed master of the West. This was taken with the co-operation of the U. S. Government and is historically correct in every detail. A picture that is educational as well as entertaining.

TESTS TO AID SCHOOL MA'AMS

Predictions Made Trainers Will Do
With Minds What Barbank
Does With Matter.

"Intelligence Tests" are among the most prominent education factors of the day, according to Dr. Frank P. Graves, the New York Commissioner of Education, who addressed the New York City Schoolmasters Club recently. He declares these tests are no longer a matter of theory, any more than Barbank's experiments with matter are, and that properly applied these tests will enable teachers to do more with the minds of the pupils than Barbank is doing with plants.

Dr. Graves divides intelligence into three groups — abstract intelligence, mechanical intelligence and social intelligence. The last he defines as the ability to understand and manage men and women—this, he said, was the most important. Here are some excerpts from his speech:

"Don't worry if the child is precocious. He will be precocious when he is your age. If he is the slowest at 15 he will be the slowest at 50."

"The time will come when we will do the same thing with intelligence that Barbank has done with vegetable life."

"It is a terrible calamity that we try to push through college a boy with an intelligence quota of 85."

"What is sometimes called low intelligence is lack of education."

"We used to hold that a rich man was both good and intelligent and made him a trustee of our universities, put him in the vestry of our churches or gave him a place on the board of deacons. Now we are swinging the other way."

He told that once as a test he asked a class why it wanted an education. A little hand shot up promptly.

"Well, my boy," he said, "what do you want an education for?"

"For my dog," was the answer.

EASTERN STAR'S ANNUAL

500 PARTY TONIGHT.

WOMEN'S MASS MEETING TO BE HELD SATURDAY

Mason County Women Asked to Meet
In Court House to Hear Proposed
Legislation Dismissed.

At the court house Saturday, November 12, at 2 p. m., a mass meeting of the women of Mason county will be addressed by Mrs. E. L. Hutchison, of Lexington, state organizer of the Kentucky League of Women Voters. Mrs. Frank L. McVey, president of the Fayette County League of Women Voters, Mrs. Harold W. March, treasurer of the state league and others.

The long, hard struggle through a period of seventy-five years to remove from women civil, economic, social and political disabilities was made for two purposes:

First, to secure to women freedom to develop unhampered by artificial restrictions, and second, to secure greater efficiency in government through the influence of women in the electorate. Freedom is a dangerous thing without intelligence and caution in the use of it. Undiminished inefficiency through the misuse or abuse of woman's newly acquired power will be a great disappointment not only to the women who worked for the ballot, but quite as much to the forward-looking men whose votes gave to women political freedom.

In order that women may together study problems of government and how best to co-operate to secure the realization of their hopes and aspirations for good government, when the passage and ratification of the Federal suffrage amendment was near the goal, the National League of Women Voters was formed. There are now branch organizations in every state and the Kentucky League is busily endeavoring to establish leagues in every county with the purpose of making every woman an intelligent voter.

The league is absolutely non-partisan and urges every woman to enroll in the political party of her choice. The function of the league is to make her a good American citizen and an efficient factor for good government in the party with which she affiliates.

We shall hear also of the fourth regional conference of women voters soon to be held in Chicago. Kentucky belongs to the fourth region so every Kentucky woman is interested in this conference. In the spring in Baltimore will be held the annual convention of the National League of Women Voters to which women representatives from all countries in the western hemisphere have been invited, thus constituting the first Pan-American assembly of women. In the league of women voters there is power for good in municipal, county, state, national and international affairs. Every woman wishes to help realize these possibilities. Be at the court house at 2 o'clock Saturday.

Every woman in Mason county is urged to be at the court house Saturday at 2 p. m. Come promptly. The meeting must begin on the hour in order that it may adjourn promptly giving the speakers time to reach their train. Don't make other engagements. Come and urge your friends and neighbors to come.

A square foot of honeycomb contains 10,000 cells.

PEACE OR WAR NOW
RESTING WITH ULSTER.

London, Nov. 8. — Members of the Ulster cabinet have been summoned to London by their premier, Sir James Craig, to consider proposals made by the British Government in connection with the Irish negotiations, and Sir James is to confer further with Premier Lloyd George on Thursday afternoon. These developments announced officially, are deemed here to indicate a climax in the discussions of an Irish settlement. The situation is frankly admitted in official circles to have reached a critical stage.

Success or failure of the peace negotiations now rests with Ulster. In the opinion of Sinn Fein delegates here, who declare that their proposals to the British premier with respect to Ulster are liberal enough to allow of a settlement if Ulster chooses.

DR. GANFIELD TO LEAVE
CENTRE COLLEGE DEC. 1

Danville, Ky., Nov. 8. — Dr. W. A. Ganfield, for four years president of Centre College, and who has resigned to become president of Carroll College, Waukesha, Wis., will leave for Waukesha on December 1. It is learned here. Dr. Ganfield resigned several months ago but the board of directors delayed action for several weeks due to the fact that Dr. Ganfield wished to remain at Centre to complete some work he had started here.

Dr. Ganfield, besides his work at Centre, has been actively interested in movements designed to better the educational system in the state. He was a member of the Educational Survey Committee, a part of whose report to Governor Morrow already has been made.

SECOND FATALITY.

Cincinnati, Nov. 8. — When Robert Cahill, 22, died from the effect of four wounds, today, his death was the second fatality from the shooting on Hal-towe'en.

Dressed as a clown, W. P. Shewmaker, a factory foreman, shot and killed Joseph Clarke, fatally wounded Robert Cahill and slightly wounded William Cahill, the latter's brother. Shewmaker confessed to the police that he did the shooting when attacked by a crowd of men and testimony at his preliminary hearing bore out his statement. He was released on nominal bond.
